

Our Appreciation

Knows no bounds for past patronage. Today our Mr. Henley leaves for the east, conscious of the fact that Ada and the surrounding country expects us to furnish these goodly people with all that fashion decrees, and since we champion the wants of all the people, economy is the watch word for low prices. We care not whether your income is a dollar a day or ten dollars a day, we have provided for your wants and ask but a reasonable compensation for this honor. You may expect new goods daily at lowest possible prices.

DISCORD AMONG OFFICERS

French Correspondents Declare Port Arthur Fell Because of Quarrels Between Army and Navy.

ADMIRAL LOCKINSKY'S BITTER CRITICISM

Commander of Torpedo Defenses Attacks Gen. Stoessel, Admiral Alexieff and Others and Declares He Will Denounce Them Before the Court Martial—Many Instances of Unpreparedness.

Paris, Feb. 16.—French special correspondents sent to meet the French steamer Australian having on board Gen. Stoessel and others of the survivors of Port Arthur forward detailed accounts of discord among the Russian officers. The army officers are particularly hostile to the fleet, habitually calling it the "frightened fleet." Admiral Lockinsky, who was commander of the torpedo defenses at Port Arthur, is lengthily quoted as making a bitter criticism of Gen. Stoessel, Admiral Alexieff and others. The Matin quotes Lockinsky as characterizing Vice Admiral Stark and Rear Admiral Witthoft as "bed-chamber admirals not acquainted with their duties and seasick whenever aloft."

The admiral added that Vice-Admiral Skrydloff prudently established himself at Vladivostok notwithstanding his opportunity to break the ineffective blockade of Port Arthur. Lockinsky declared he would denounce Stoessel, Skrydloff and Alexieff before the court-martial as he did not intend to let himself be made a scapegoat like Rear Admiral Oukomsky, "who now trembles with fear in a Chinese hospital." Lockinsky cited many instances of unpreparedness of the land and naval defenses, frequent conflicts of authority and demoralization during critical engagements.

Substantially the same account is given by four French newspapers which describe Gen. Stoessel and Admiral Lockinsky as refusing to speak to or salute each other. The papers say the discord among the officers foreshadows grave scenes before the court martial.

The Petit Parisien quotes Gen. Stoessel as sarcastically saying: "Rojestvensky had better not establish a too secure base along the route or like the naval officers at Port Arthur it will be impossible to let them venture seaward."

The correspondent of the Petit Parisien adds: "Gen Stoessel cannot pardon the navy's failure to succor him, while the navy fully returns his hatred."

The French special correspondents conclude that the fortress fell largely because of the regrettable quarrels among the officers.

OIL FIGHT IN THE HOUSE.

Secretary of Commerce and Labor Requested to Investigate the Cause of Low Price of Crude Oil.

Washington, Feb. 16.—When the house met Wednesday the naval appropriation bill had the right of way. For the first time in many years the proceedings were opened without prayer. Before taking up the naval bill a resolution was adopted requesting the secretary of the department of commerce and labor to investigate the cause of the low price of crude oil or petroleum in the United States, especially in the Kansas field, and also the unusually large margin between the price of crude oil or petroleum and the selling price of refined oil and its by-products.

Panama Railway Is Good Property.

Washington, Feb. 16.—The members of the sub-committee charged with an investigation of the affairs of the Panama Railroad company by the house committee on interstate and foreign commerce, returned from New York yesterday, where they went to visit the officers of the company. Chairman Shackelford (Mo.), of the sub-committee, said that the testimony developed that the railroad and its constituent steamship line was an exceedingly well-paying piece of property.

Mammoth Barn Burns.

Rich Hill, Mo., Feb. 16.—News has been received here of the burning of the mammoth barn, said to be the largest in the county, on the farm of G. W. Smith. Nineteen cows were burned to death. One of G. W. Smith's sons went to rescue stock in his bare feet and had both feet badly frozen.

Ran to a Fire Barefooted.

Rich Hill, Mo., Feb. 16.—The mammoth barn on the farm of G. W. Smith was destroyed by fire, including 19 cows, 16 tons of hay, 600 bushels of corn and machinery. One of the Mr. Smith's sons went to rescue stock in his bare feet and both were badly frozen.

Taylor Was Exonerated.

New York, Feb. 16.—Pitcher Jack Taylor, of the St. Louis National League Baseball club, was exonerated by the board of directors of the association of a charge of "throwing" the game between St. Louis and Pittsburgh in the latter city July 30, last.

New York Publisher Dead.

New York, Feb. 16.—William Cullen Bryant, the publisher of the Brooklyn Times and secretary of the American Newspaper Publishers' association, died Wednesday at a sanitarium in Plainfield, N. J. He had suffered a stroke of apoplexy.

Both houses of the Wyoming legislature passed a resolution expressing confidence in United States Senator Warren, accused of land frauds.

WARRANTS WITHDRAWN

Hanging of Mrs. Edwards and the Negro Greason Will Not Take Place as Scheduled.

WOMAN'S CASE CONTINUED TO MARCH.

On Recommendation of Pardon Board Gov. Pennypacker, of Pennsylvania, Withdrew the Order for the Double Hanging at Reading—Greason Gets a Re-hearing.

Harrisburg, Pa., Feb. 16.—On recommendation of the board of pardons, Governor Pennypacker withdrew the death warrants in the case of Mrs. Kate Edwards, the white woman, and Samuel Greason, the negro, who were under sentence to hang together at Reading, for the murder of Mrs. Edward's husband in 1901. The case of Greason will now be again taken to the Pennsylvania supreme court and if that tribunal refuses to re-open the case the attorneys for Mrs. Edwards and Greason will have to appear before the board of pardons next month.

The supreme court room was crowded with spectators when the board of pardons convened to take up the cases. In the crowd were many members of the legislature and also the Ohio delegation of women who presented the monster petition to the governor Tuesday in behalf of the condemned woman.

Elwood H. Deyscher, of counsel for Mrs. Edwards, made a motion that the case of Mrs. Edwards be continued. He made this motion, he said, because Mrs. Edwards had confessed that she had committed the crime and that Greason had no hand in it and because counsel for Greason wanted to take depositions and also examine Mrs. Edwards with regard to the authenticity of the confession. Counsel for Greason, he said, would not be able to do this if the case of Mrs. Edwards was not continued because they were both under sentence to hang Thursday morning. John H. Rothermel and William H. Sadler, attorneys for Greason, supported Mr. Deyscher and also pleaded for a re-hearing in the case of their client. Mr. Sadler informed the board that he had four witnesses in behalf of Greason who had never been examined.

The board after deliberating 20 minutes announced the board had decided to take up both cases and immediately continue them.

After the announcement of the board's decision, Lieut.-Gov. Brown informed the attorneys for Mrs. Edwards and Greason that both cases would be taken up next month together by the board unless the supreme court in the meantime interfered. He expressed the opinion privately that the matter ought to be settled by a jury in Berks county.

Greason's case has been in the supreme court six times and twice before the board of pardons. The death warrant has been read to him ten times. Mrs. Edwards' case has never been in the supreme court, but the board of pardons has twice refused to commute her sentence.

Former Congressman Dead. Chicago, Feb. 16.—Former Congressman John J. Feely died of gastritis after an illness of five days. He was a member of the 57th congress, defeating William Lorimer.

Harlan Nominated.

Chicago, Feb. 15.—John Maynard Harlan has been unanimously nominated for mayor of Chicago by the Republican City convention.

KANSAS LAWMAKERS.

Natural Gas Bill Passes the Senate—New Primary Election Bill Introduced.

Topeka, Kan., Feb. 16.—The senate passed the natural gas bill and if it be passed by the house in the same form and be signed by the governor, natural gas will flow without statutory hindrance, subject to this bill, all over the state wherever the people may want to buy it, even beyond the confines of the state. The amendment permitting the use of the public highways, offered by Senator Martin, of Bourbon, last week, was cut out. The bill prevents the use of machines "for increasing the natural flow of gas out of any well." The meaning of that is that the flow out of the wells shall not be stimulated by artificial means, but the use of machines to stimulate the flow through the pipes after the gas rises naturally out of the well is not prohibited.

The administration lost a point when the board of control bill came up for reference. The lieutenant governor, who was in the chair, referred the bill to the committee of charitable institutions. Senator Smith, of Edwards, moved that it be referred to the committee of the whole and that it be printed and made the special order of next Monday afternoon. Senator Porter, of Montgomery, moved as an amendment that it be referred to the committee of charitable institutions and that the committee be instructed to report the bill back to the senate Thursday afternoon. The scheme was to gain time. The bill if it passes will legislate H. J. Allen and the other members of the state board of charities out of office and he is making a tremendous fight against it. After some sparring the roll was called and Mr. Allen won by the narrow margin of one vote. The secretary of the senate at first announced the vote to be 20 to 17, but Senator Brewer, of Dickinson, challenged it and a recount made it 18 to 17.

A primary election bill was introduced in both branches of the legislature. It was prepared by L. B. Beardsley, the well-known lawyer of Russell, who is compiling the session laws of 1905. It has been scrutinized by most of the republican leaders and has their approval.

Senator Fitzpatrick's bill was taken up Wednesday in the committee of the whole. After lively debate Representative Hackney remarked "that if this bill was all that was claimed for it in the way of rates an oil refinery was unnecessary," and moved the bill pass. The bill immediately passed the house.

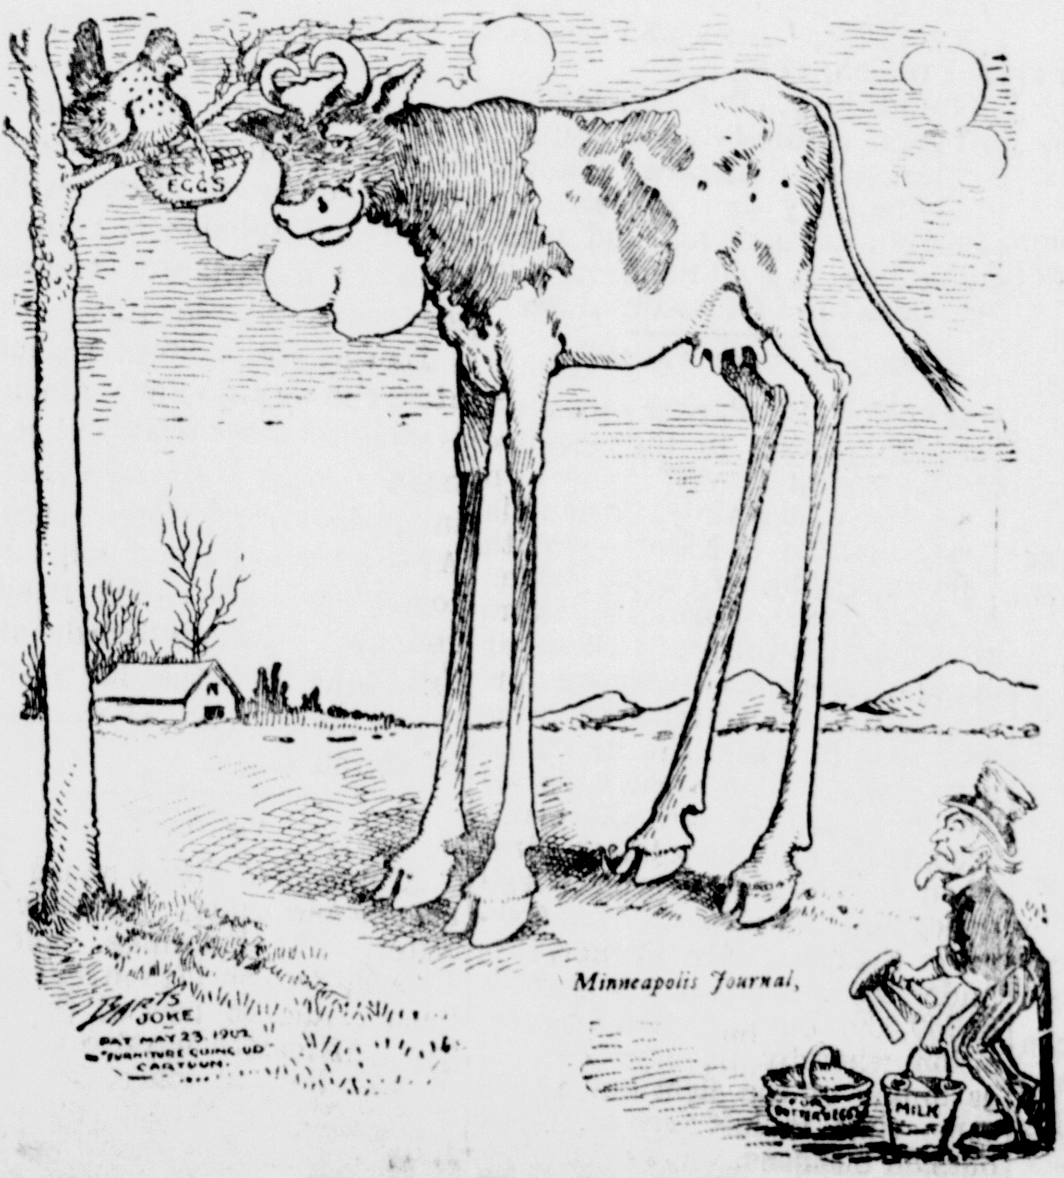

KANSAS LEG ADD OIL BILL.

Senator Fitzpatrick was called to the floor of the house and said of his maximum rate bill: "The rates fixed in the bill are those used in Texas and they work well in that state. We can ship a carload at the proposed rate and get something for our oil. The present rate is about 51 cents per barrel and the proposed about 25 cents. From and after the taking effect of this act, it shall be unlawful for any common carrier in the state of Kansas to charge, exact or receive for the transportation of illuminating oil, gasoline, fuel oil or crude petroleum, in cans, barrels or tanks or tank cars between any points within the state of Kansas in excess of rates of 80 to 100 miles, 7 cents and on up in proportion."

Major Brodie in Pension Department.

Washington, Feb. 16.—The president has signed the commission of Major Alexander O. Brodie as assistant chief of the record and pension office, thereby displacing Major Edward S. Fowler, of New York, who has performed the duties of that office since August 1, 1904, under a recess appointment.

Alton B. Parker at Work.

If Alton B. Parker does not become wealthy in the next five or ten years it will be his own fault. He certainly begins his legal practice in New York with the birthright of the golden spoon. Well informed lawyers say no man in the profession ever made a more advantageous arrangement on beginning business here than he has with the Sheehan firm. The guarantee of \$50,000 which Grover Cleveland accepted from the Stetson firm when he retired from the presidency the first time was the marvel of the day. Mr. Parker, it is understood, declined a guarantee of \$50,000, but accepted a proposition whereby he shares in the earnings of the firm and at the same time is left free to accept outside business.

Muskogee's new \$100,000 hotel will be opened to the public Wednesday, March 29. The name of the hotel will be announced at the opening by C. N. Haskell, who was accorded that honor by the stockholders.

Four Hartshorn boys were arrested for burglary last week, and in a little shack in the south part of town, in which the boys stored their plunder, was found several wagon loads of stolen articles, including several jugs of whiskey.

A Building and Loan Association.

E. W. Hardin stated to a News reporter today that it was expected that a Building and Loan Association would be organized at Ada in the very near future. The operations of the company, Mr. Hardin says, are to be local; its object being to build up our city, by helping those who need assistance, in the building of homes in Ada.

This is an institution that should be encouraged by every citizen, or friend of Ada, as there is no one agency that would contribute more to the upbuilding of our city than a Building and Loan Association properly conducted.

Roosevelt's Texas Trip.

Washington, Feb. 16.—The plans for the President's trip to Texas to attend the reunion of Rough Riders now being perfected contemplate that he will leave Washington for San Antonio Texas, about March 25, stopping en route at Louisville, Dallas, Austin and Fort Worth.

No definite decision has been reached as yet regarding an extended hunting trip in Colorado, and no official announcement of the itinerary to Texas will be given until until shortly before the date of departure, as circumstances might alter plans.

Except for a stop at Houston after the visit to San Antonio, it is said no other towns will be formally visited than those to which invitations have been accepted. Arrangements are being made for a jack rabbit hunt after the reunion. The only date definitely fixed thus far is that for the holding of the reunion at San Antonio on March 31.

TRY TO DO THE RIGHT THING.

Prof. J. R. Hendrix of Ada public schools who was on the committee chosen to select a location for holding summer normal, on account that there have appeared in the News and the Ardmore Ardmoreite certain criticising statements relative to the manner of action of some of the committee, effective in determining the location of the normal, has handed us for publication a signed statement in defense of the committee's action, and which we gladly publish, for it was not at all our intention to reflect an action of Mr. Hendrix for it was readily apparent to Ada's representative before the committee that he was a loyal supporter of Ada for the normal.

The article in Tuesday's News, "Peculiar Politics of a Peculiar Profession," was, in fact, prompted principally because we felt bad that the commercial club's representative had given two days' time—"going half

way round the world"—that Ada's proposition could be directly placed before the committee, and having never learned that Ada sometimes could not get what she went after, and being taught in this instance, we just wanted to be a little mean, hence the little article, which is partly the cause of Mr. Hendrix's communication.

THE RESPONSIBILITY

While we are told that there is yet some hope for statehood, it is well for Oklahoma people to consider what brought them suddenly face to face with despair, after once having had their expectations raised to the point of certainty.

The statehood bill has passed the senate.

There are enough votes now in the house to guarantee its passage if it were permitted to come to a vote. All the democrats and thirty-three republicans would vote for it. This is openly announced.

What was done to prevent a majority from taking action.

A republican caucus was called, for the purpose of whipping the thirty-three republicans into line against voting for the bill, otherwise to prevent any action whatever by the house. A minority of the house hoped thus to prevent legislation because it was large enough to be a majority of a party caucus.

If statehood is defeated, this minority of the house, which is also a majority of the republican caucus will be responsible. The republican party, by making it a caucus matter, will be compelled absolutely to bear the burden of responsibility.

It is as well that the republicans understand this. If we secure statehood we shall all be glad; but if we do not, the republicans of Oklahoma will have a more difficult time flim flammng the voters than they have ever experienced before.

For the bill as it came from the senate, uniting Oklahoma and Indian Territory in one state and giving statehood to New Mexico, there were the following votes ready to pass the measure through the house:

	For	Against
Democrats	176	0
Republicans	33	177

Total 209 177

Had the bill been permitted to have come to a vote it would have been passed as shown by the above figures, and Oklahoma and Indian Territory would now be rejoicing in single statehood.

Those 177 republicans, though a minority of the total membership of the house, have so far been able to prevent a vote. They have, also, been trying to coerce the thirty three by application of the party whip.

This is situation up to date. The people of Oklahoma are watching the antics of congress over statehood. They will know

what to do, so far as their efforts go, if the republican party, by a disreputable application of caucus rule, defeats statehood at this session.—Oklahoman.

DEFENDS NORMAL COMMITTEE

Supt. Hendrix Explains Why Wynnewood Was Selected.

As a member of the committee to locate the summer normal, I desire to state my reasons for supporting Wynnewood after Ada was out of the race.

That town offered \$150 cash, the free use of the best school building in the Chickasaw nation for that purpose, a board rate of \$12 per month in the best homes, besides a dormitory with a large capacity conveniently situated and guaranteed the full attendance of the corps of teachers of that place adding thereby at least \$50 more to the above stated sum.

In some respects Ada's proposition was better. Her representative offered \$180 cash, free use of school buildings, free ice and water delivered to the school building and a board rate of \$3.50 and \$4 per week.

Ardmore offered \$150, the use of school building, Carnegie library (when built) and board wherever it could be had.

Davis offered a bonus of \$225, a board rate of \$12 for four weeks and the free use of school building. On one count Davis proposition was the best offered.

After a dozen or more ballots, a motion prevailed that the town receiving the fewest votes be dropped. Ada, therefore was dropped from the list and I was free to exercise my judgment in choosing between the other places. In my opinion Ada was the best place for the normal, but the other members of the committee saw fit to differ from me. I did my best for my home town and when I failed to gain my point I did the next best thing by voting for Wynnewood.

Of course each town represented claims to have offered the best inducements, and to an on-looker it may appear that the committee made an unwise choice, but I am sure that each member who voted to locate the normal at Wynnewood did so with a consciousness of its being the best place, because the three leading points—bonus, board and a suitable school building conveniently located were best met by that town.

Ardmore considered several conditional propositions which were not considered by the committee. One being that if a suitable faculty of instructors should be chosen to the number of twenty-five. The committee did not feel inclined to confer with the teachers of Ardmore in order to ascertain who would please them, but it acted on the principle that the faculty chosen would be good enough for anybody, hence that part of the proposition was not considered only that it reflected on the intelligence of the committee.

The matter of board and lodging for one hundred teachers was too important to be overlooked by the committee. The larger towns generally are not so careful to look after the teachers in that respect as the smaller towns. On this count Wynnewood excelled all others. The representative of that town stated to the committee that a house to house canvass was made and every family who had suitable conveniences agreed to take the teachers into their homes. At this point Ardmore promised nothing. The representative from that place merely stated the various boarding houses and hotels could easily take care of the teachers.

As a member of that committee I was not biased by prejudice or political influence, but cast my ballot as I would do again, because I was obligated to do my part to locate the normal where the best inducement were offered.

IOWA SUFFERING FOR FUEL

Continued Cold with Snow Has Practically Put an End to Business in the State.

FARMERS BURNING CORN FOR FUEL.

Many Towns Are Isolated by Reason of the Condition of Railroad Service—Hawlington Abandons Trains on Branch Lines—Missouri Peach Buds Killed—Coal Famine at Wichita.

Des Moines, Feb. 16.—Continued, unrelenting cold and snow which have practically put an end to business and tied up all trains entering Des Moines and traversing the state, have placed the entire city and state at the mercy of a coal and fuel famine. But one dealer in Des Moines had hard coal and that at a price almost above the reach of the consumer. Drifts between the city and the coal fields render cutting off the soft coal supply. In many sections of the state farmers are burning corn for fuel. Hundreds of Iowa towns, isolated because of the stagnant condition of railroad service, are actually suffering. Fuel has advanced to a considerable extent and will be unobtainable at any price in the event the cold weather continues. Des Moines' charitable associations have issued an appeal to the public for aid in the way of fuel and food. The associated charities of Des Moines, which practically looks after all the poor of the city, in a public appeal says that never before in the history of the association has there been such intense suffering as that called to the attention of this body in the past week of the unbroken cold.

Passengers Walked.

Peoria, Feb. 16.—Passengers on a west-bound Iowa Central train were compelled to walk nearly two miles into Farmington Tuesday evening to escape spending the night in a cold passenger coach attached to a "dead" train. Owing to the excessive cold the engine refused to steam and it was impossible to get aid to the beleaguered train.

Missouri Peach Buds Killed.

Columbia, Mo., Feb. 16.—As a result of investigations made in the department of horticulture, it is almost certain that the peach buds in this section have been killed. Professors Howard and Favers examined buds from many varieties of peach trees, including hardy varieties, and they believe that all the buds are dead.

Abandon Trains on Branch Lines.

Burlington, Ia., Feb. 16.—Confronted by apparently unsurmountable conditions, Burlington railroad officials abandoned efforts to run trains on branch lines out of Burlington. Only main line trains are moving. The mercury Wednesday stood at 14 below zero.

Fruit Growers Gloomy.

Monett, Mo., Feb. 16.—Pitifully prominent fruit growers of Southwest Missouri, Arkansas, Oklahoma and Indian Territory are here attending the Ozark Fruit Growers' association. It is the general opinion of the delegates that the peach crop has been totally destroyed.

Thirteen Trains Snowbound.

Madison, Wis., Feb. 16.—Thirteen trains are stuck in snowdrifts between here and Montfort. The company has sent out an enormous rotary plow to release the snow-bound trains on which are several members of the legislature.

Some Improvement at Omaha.

Omaha, Feb. 16.—There is a moderation in the weather and some improvement was apparent in the passenger service of the railroads but transportation of freight is practically at a standstill.

Coal Famine at Wichita.

Wichita, Kan., Feb. 16.—Services on all street car lines will stop because of shortage of steam coal. The supply for general use is getting low and a famine is feared.

Iri Reynolds, who held a package said to contain \$5,000,000 in securities belonging to Mrs. Cassie Chadwick, is seriously ill.

SARCASTIC RUSSIAN.

Official Newspaper at St. Petersburg Pokes Fun at This Country—Says Arbitration Treaties Are a Fad.

St. Petersburg, Feb. 16.—The Novoye Vremya, in a sarcastic editorial on the action of the United States senate in connection with the arbitration treaties, pokes fun at the alleged attempt of the United States to take the leadership in the world's diplomacy. The editorial reviews the plan for preserving the administrative entity of China, the proposed naval demonstration in Turkish waters, the establishment of the Republic of Panama and the proposition to hold a second peace conference at The Hague, "concluding with the cornucopia of arbitration treaties," the whole idea of which the paper says "finally met the fate which always overtakes a new fad. Therefore it is not to be wondered at that the senate declines to yield to a scheme which places the settlement of future disputes entirely in the hands of President Roosevelt."

President Back to Work.

Washington, Feb. 16.—President Roosevelt and some of the members of his party who have been spending the greater part of two days in New York City, have arrived here. The president looked the picture of health and not at all fatigued by his active round of festivities while in New York.

The Protocol Received.

Washington, Feb. 16.—The San Domingo protocol was received at the state department Wednesday and taken at once by Secretary Hay to the president.

HAS THE BREAK STARTED?

Two More Niedringhaus Men Bolt the Caucus and Vote for John C. McKinley.

Jefferson City, Mo., Feb. 16.—In accordance with predictions freely made during the past week, Wednesday's joint session of the Missouri legislature was the most interesting since the establishment of the deadlock over the selection of a U. S. senator to succeed Senator Cockrell.

The expected bolt from the Niedringhaus forces came on the 23rd ballot, the first taken Wednesday, but was not of sufficient strength to change the relative standing of the candidates. Maples, of Christian, and Viles, of Stone, broke from the caucus nominee and cast their ballots for Lieutenant Governor John C. McKinley, who is presiding over the joint sessions. The lieutenant governor declared he was not a candidate for the senatorship and requested the bolters to return to the caucus nominee in the interests of party regularity and fidelity. Both Maples and Viles defended their votes, declaring that they believed they were carrying out the wishes of their constituents.

Brown, of Grundy, who has been voting for Pettijohn for several days, changed to McKinley. The result of the ballot was, Niedringhaus, 65; Cockrell, 73; McKinley, 3; Kerens, 12; Finkelburg, 1; Pettijohn, 1; Young, 1. A motion to adjourn until Thursday was opposed by the Kerens forces, who, voting with the democrats, succeeded in ordering another ballot, the twenty-fourth. The vote resulted practically the same as the previous ballot with the exception of Whitaker, who changed from Finkelburg to McKinley. Adjournment was taken until Thursday.

Money Plenty in Kansas.

Topeka, Kan., Feb. 16.—William S. Albright, bank commissioner, gives the aggregate condition of all banks in Kansas on January 11, 1904. Bank Commissioner Albright said: "The deposit of \$111,394,451.92, as shown in the statement, is the largest in the history of Kansas. The individual deposit, which correctly represents the deposits of the people, for the first time exceeds \$100,000,000—to be exact the amount is \$100,898,970.82."

Good News Kills Indiana Farmer.

Evansville, Ind., Feb. 16.—Louis Schmidt, a wealthy farmer, dropped dead upon hearing good news about an absent brother.

CROSSING THE HUN.

Extensive Cavalry Movement Inaugurated by the Russians in Manchuria—Accompanied by Artillery.

Tokio, Feb. 16.—The Russians have begun an extensive cavalry movement against Field Marshal Oyama's extreme left. Tuesday night they were attempting to cross the Hun river west of Liaoyang with 9,000 horsemen. The operation began west of Chitaizou. One force of cavalry stole into Laohunshi and simultaneously another cavalry force approached Tacha, which is situated 13 miles southwest of Chitaizou and 27 miles west of Liaoyang. Nine thousand cavalry with artillery approached the river a mile below Tacha and attempted to cross at six o'clock in the evening, advancing on Heikoutai. The shelling of Oyama's center continues.

Proposes a Commission.

St. Petersburg, Feb. 16.—In view of the continued attacks on and criticism of General Kuropatkin which are prejudicial to the Russian arms, the Novoye Vremya, in an extended defense of the tactics of the commander-in-chief, proposes that a commission composed of retired officers be appointed to pass judgment on the general.

Two More Steamers Captured.

Tokio, Feb. 16.—The British steamers Apollo and Scotsman bound for Vladivostok were captured off Hokkaido Tuesday. The Apollo was from Cardiff with coal and the Scotsman had a cargo of provisions on board which according to her papers, was consigned to Yokosuka.

Kelley to Be Returned to Philadelphia.

Philadelphia, Feb. 16.—Capt. Donahy of the detective department has received the following telegram from the Los Angeles police: "Bishop Conaty has positively identified the man under arrest as Owen Kelley. Advise us what action to take." Capt. Donahy at once sent a message requesting the Los Angeles authorities to detain Kelley and stating that he would send a member of his force to bring him back to Philadelphia.

Gas Company Buys Land.

Chanute, Kan., Feb. 16.—The Kansas Natural Gas company has closed a deal for 40 acres of land six miles north of Chanute upon which a \$500,000 gas pumping plant will be erected, and probably an oil refinery in conjunction. Surveyors have already begun work.

Will Consider Smoot Arguments Saturday.

Washington, Feb. 16.—Chairman Burrows has called a meeting of the senate committee on privileges and elections to be held on Saturday to consider the arguments of counsel in the Smoot investigation and determine upon some course of action.

Negro Commands Massachusetts G. A. R.

Boston, Feb. 16.—Senior Vice Department Commander James H. Wolf, colored, has been elected department commander of the Massachusetts Grand Army of the Republic at the 39th encampment held in Faneuil hall.

Residence Wrecked by Gas.

Parsons, Kan., Feb. 16.—In an explosion of natural gas here the residence of Mrs. E. A. Hornby was wrecked and Albert R. Gover, a roomer, was fatally burned.
